

# OUR TIME IN HISTORY

## BEHAVIORAL EXPECTATIONS

### Technology

- Technology is not to dominate time and attention while on tour.
- Students:
  - Phones may be used to take pictures but are not to be used for selfies.
  - Texting and being on the internet while on tour is prohibited.
  - Time to talk with parents or people not on tour will be allowed at certain times but never on the bus or at attractions — unless permission given by tour guide.
- Adults:
  - Please refrain from phone calls on the bus and at attractions while tour guide is speaking.
- THE USE OF CELL PHONES AND PHOTOGRAPHY ARE STRICTLY PROHIBITED IN ALL SECURITY AREAS.

### Curfew

- Different each night but when students are told to be in room and to have lights out, times need to be strictly followed.

### Behavior

- The highest standards of excellence are expected during the entire tour. It is always important to be thinking of others and how our actions and attitudes are affecting those around us.
- We are not the only people in the hotels and various buildings so we need to always consider noise levels and be respectful of others around us. When walking in hallways and on public sidewalks, ALWAYS consider that we are a big group but we can't take up entire hallways and sidewalks but need to leave room for others who are not part of our group to walk by.
- We will always leave a place better than we find it. A huge part of what we want to happen on this trip is that we understand how we impact those around us for the good or the bad, and we want people to leave being around our group thinking, "What an awesome group of young people" and not, "What a wretched bunch of people, and I'm so glad they're gone!"
- Be punctual. Itinerary is based on time and some appointments will be auto-cancelled if we are not EXACTLY on time. So, from morning till we are back in our hotel rooms at night, always be aware that each person is directly affecting the schedule of our entire group, and each person must be prompt. A good plan is to always be early at the set place to avoid being late and having a bad impact on entire group.
- All instructions are given for a reason and need to be followed.
